Dear Sir,

RE: INTRODUCING MALARIA SUMMIT

I write to acknowledge the receipt of your letter dated 27th May, 2011 on the above subject matter and to congratulate your organization on its consistent drive for collaborative efforts in seeking sustainable solutions to the endemic, life threatening diseases that have ravaged our Continent and its peoples. As a University committed to restoring the dignity of the Blackman, we are indeed proud to be associated with you and are deeply honoured by the invitation extended to us to be partners in this noble initiative.

Therefore, in the spirit of the cherished relationship we always have shared and in ensuring the actualization of the objectives of the Summit, I am pleased to inform you that the University will make available to you the 3,000-seater African Leadership Development Centre (ALDC) Auditorium as well as all required multi-media provisions (projectors, microphones, video recording etc) for the programme as part of our contributions towards the Summit. We will also be available to meet further logistic demands of the Summit as the need arises, particularly as it may relate to the provision of multi-media support.

Once again, kindly accept the assurances of the Chancellor, Covenant University, Dr. David Oyedepo's and the Management's goodwill and prayer for a most impactful Summit.

Thank you and God bless.
